

Math Department Course Flowchart

Effective 2011-12

SEE NOTES ON REVERSE SIDE

SPECIAL NOTES:

- Integrated Math R is available to students *by teacher recommendation only*.
- Freshmen must have earned an A in 8th grade math or a B in 8th grade Algebra to be placed in Algebra I H.
- Freshmen must have a satisfactory MCHS placement test score, an A in 8th grade Algebra, and teacher recommendation to be placed in Geometry H.
- Students must maintain at least a “B” average and have teacher recommendation to remain in honors courses.
- All students taking honors level courses may move to the regular track, even though the arrows are not shown.
- Sophomores may take Geometry H and Algebra 2 H concurrently if recommended by their Algebra I H teacher.
- AP Calculus H and AP Statistics H are both offered for dual credit through Joliet Junior College.
- AP Statistics H or Statistics R may be taken concurrently with any math course above Algebra 2, but a student may not take both Statistics courses.
